ANNOUNCEMENTS

WELCOME, DR. FILION 

The staff of the libraries takes great pleasure in announcing the appointment of Dr. Paul-Emile Filion, who assumed the title and responsibilities of Assistant Vice-Rector (Administration and Finance) and Director of Libraries on September 1, 1976. His appointment, in early summer, had been recommended by a search committee composed of students, professors, librarians, and administrators of the University.

Dr. Filion, a native Montrealer, obtained a Master of Science in Library Science from Columbia University in 1957; he was an instructor in Library Science at the Université de Montréal (1957-60); first librarian of the bilingual Laurentian University in Sudbury (1960-70); first Coordinator of Libraries for the new Université du Québec (1971-76). He has written articles on various aspects of library development and participated in numerous surveys and symposia. His twenty-year involvement in library development, nationally and internationally, has been recognized by Laval University (honorary doctorate, 1969) and by the University of Western Ontario (LL. D., 1972).

Dr. Filion succeeds Dr. James Kanasy who resigned in December, 1975 to occupy a civil service position in Ottawa. For the past eight months, Mr. Joseph Princz, Associate Librarian, has assumed administration of the Concordia Libraries.

CONCORDIA - WIDE FACULTY LOANS POLICY

This year the library loans policies of both campuses have been revised in an effort to produce a uniform policy that reflects the needs of all library users. At the Senate meeting of May 31, 1976, the new policy was adopted in principle upon the recommendation of the Senate Library Committee. The faculty policy is summarized below:

Material borrowed from the general collection (includes books in the open stack area, circulating government publications, and technical reports)..... ONE SEMESTER (subject to recall after 2 weeks if requested by another user)

Interlibrary loans..... TWO WEEKS from time of receipt

Periodicals (bound volumes)..... TWO DAYS (no renewal)

Periodicals (unbound, recent issues)..... FOR USE IN LIBRARY ONLY

Microforms..... SEVEN DAYS (no renewal)

\$ SANCTIONS:

Please note that the fines structure has been adjusted and shall include faculty. Overdue material will be fined 50¢ per item, per day, to a maximum of \$5.00 per item. Items on reserve will be fined 50¢ per hour or per day, depending on the category of material in question, to a maximum of \$5.00 per item.

A NEW AUTOMATED CIRCULATION SYSTEM WILL BE INSTALLED IN THE SCIENCE AND ENGINEERING LIBRARY BY MID-OCTOBER. AS THE SYSTEM REQUIRES A VALID ID CARD, ALL FACULTY MUST PRESENT ID CARDS AT THE CIRCULATION DESK WHEN BORROWING AND REQUESTING BOOKS. YOUR COOPERATION WILL BE APPRECIATED.

RESERVE LISTS

THE LIBRARIES URGENTLY REQUEST THAT FACULTY MEMBERS WISHING TO PLACE ITEMS ON RESERVE, SUBMIT THEIR LISTS AS SOON AS POSSIBLE TO THE CIRCULATION DEPT., IF THEY HAVE NOT ALREADY DONE SO. THE TIME REQUIRED FOR THE PROCESSING OF THE LISTS AND THE GATHERING OF MATERIAL SHOULD BE CONSIDERED BEFORE STUDENTS ARE MADE AWARE OF THE AVAILABILITY OF ITEMS ON RESERVE. YOUR COOPERATION IS SINCERELY APPRECIATED.

** A comprehensive workbook is included with each set.

One of the greatest sources of information about Canadian political life before the Great Depression is probably the Sessional papers of the Parliament of the Dominion of Canada, 1867/68 - 1925. This massive set of documents records all of the goings-on in Parliament during those years. It also includes most of the reports of departments, Royal Commissions, and government agencies. This huge set, on 318 reels of microfilm, is located in the Government Publications and Microforms Room (Norris Library, 5th floor). Printed indices are also available.

Studio International has been one of the leading international art journals, continuously published over a period of 80 years. The Norris Library has purchased the first 102 volumes, 1893-1931 on microfilm and the set is now housed in the Government Publications and Microforms Room. Colour microfilm has been used to reproduce the numerous colour plates in the period from 1916, onward.

Studio International has a fascinating history. In its first issue, the work of Aubrey Beardsley was published for the first time. It has remained strong in many areas including architecture and design, contemporary art movements, controversial articles and comments by artists and critics, and world-wide news of developments of all kinds in the art world.
